

## ACHES!

Aches are the father of grouches.

Grouches produce ill temper and irritableness, and these hasten you to your grave.

For a very little we sell remedies that kill the aches as soon as they appear.

Is your health, your happiness, your life, worth this small investment?

#### Eastham's Store Robbed

E. B. Eastham's grocery store on West Grand Avenue, was burglarized one night the first of the week and about \$24.00 in money and some groceries taken. Entrance was gained by forcing in the front door. The supposition is that Mexicans are responsible for the deed and one Mexican suspect has been arrested. They have been seen loitering about the place several days.

#### First Methodist Church

Let every one work at every opportunity for the Sunday School. At the eleven o'clock hour, there will speak in our Church a woman who is said by hundreds of leading people, to be the greatest woman orator in

the United States, Mrs. Mary Harris Armor. We are glad beyond measure to have her with us at this time. Let all who can do so hear her Sunday morning at our church. She will speak again at the evening hour to a union service at the Lyceum.

We give a cordial invitation to all to worship with us.  
J. H. Messer, Pastor.

#### District Court Adjourns

District Court adjourned last Wednesday evening after a week's session and Judge Richardson returned to his home in Roswell Thursday. Among some of the most interesting cases that came up for a hearing before the Court and upon which a decision has not as yet been rendered are W. C. Crow vs F. E. Sadler, in which the latter is charged with irregularities as an officer while making an arrest of the former. The case of W. J. Morgan occupied two days. The parties are from Melrose and the contention was that Morgan accepted cattle from Doughton to feed, under what he termed a guarantee contract. Both claimed the other indebted. Will Davis who was charged with stealing a saddle, waived indictment and trial and pleaded guilty and was sentenced to serve 3 months in jail. Sentence was suspended to allow him to join the army.

10 more recruits for Company "K" left Saturday morning for Columbus.

#### KNOW HOW TO SAY GOOD-BY

When Time Comes to Go Don't Try to Be Diplomatic About It, Prisoner Says.

Nothing is more embarrassing than not to know how to say good-by. The predicament places one at a gross disadvantage. He becomes awkward, clumsy, floundering. His hands are hams and his fingers swollen frankfurters. He stands round ready and willing to go, but doesn't know how to break away. He wants to go, feels that others would like to see him vanquished, that he has overstay his welcome and that his presence is a trespass on hospitality, but he stammers, halts, hesitates, mumbles and is all messed up over the matter of saying good-by and getting out.

He would thank his lucky stars if some "bouncer" would come along and end the agony by throwing him out.

Now, remember, there's only one thing to do in a case like that, when you have got a thing to say, say it. Just say "Good-by" and be honest and not diplomatic about it and see how nicely you settle the difficulty.—From the New Era, Federal Penitentiary, Leavenworth.

#### ANTS PROVIDED WITH LIGHT

Curious Phenomenon That Has for Some Time Attracted Attention of Scientists.

There has been observed a curious phenomenon connected with the nests of the Brazilian white ants or termites. These, when seen on the headwaters of the Rio Verde, seem to be covered with tiny stars, which give the nest the aspect of a miniature tower brilliantly illuminated. When the nest is struck with a stick the lights go out, only to reappear again little by little.

Castelnau, in the middle of the last century, reported a similar spectacle near the city of Goyaz. According to his account, the lights were produced by an immense number of small phosphorescent larvae, which withdrew into the galleries of the mound when an attempt was made to capture them. It has been pointed out by several authorities that these exhibitions are probably confined to some particular species or to some special occasion or conditions of termite life, since many scientists have spent considerable periods of investigation in Brazil without seeing them.

#### When "Honesty" Paid.

The secretary of the New York Prison association tells of the answer a thief gave to the question "Is honesty the best policy." It was in the Elmira reformatory, where a class was undergoing instruction. A young man asked permission to answer the question. "I believe honesty is the best policy," said he, "because of a case where I knew it to work that way. See? There was two young fellows in New York and they were crooked, see? And they didn't succeed. They went to Philadelphia, and they turned over a new leaf and agreed to be square and honest. They opened a clothing store, see? And they prospered. They got everybody's confidence, and they borrowed \$100,000 to enlarge their business, and then they failed and got away with every cent of the money, which they never could have done if they hadn't been honest. See?"

Dr. J. D. Lynch, candidate for County Commissioner, from the Melrose district, is in the city today.

Now, all together for Charlie Steed for Probate Judge. He is a winner.
